

Investment Objectives

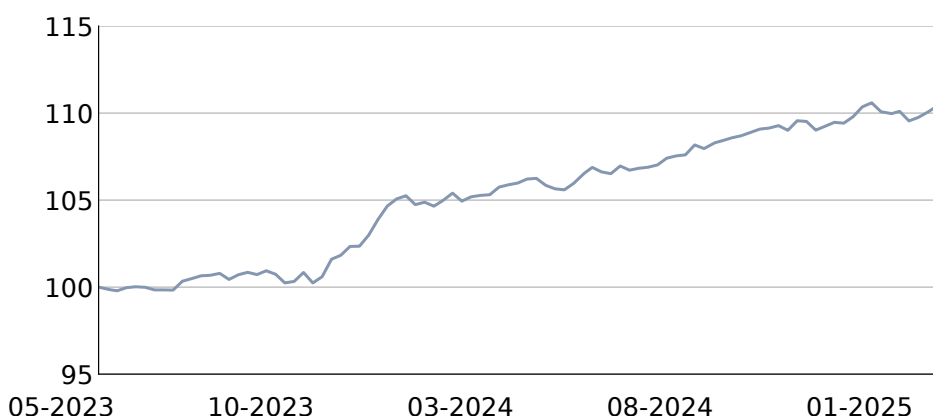

The investment objective of the Sub-Fund “Dynasty Prestinvest Flexible” Income is to achieve long term capital growth by investing in a balanced portfolio, composed of mainly fixed income securities. and in a lesser extent of equities.

Market Comment

The month of January was driven by four main themes. First, the inauguration of Donald Trump and his immediate announcements, as well as the generally positive corporate quarterly earnings reports. Then, the Fed’s status quo and the ECB’s rate cut, and finally, the Deepseek shockwave, which reshuffled the deck by challenging the valuation levels of “AI-compatible” companies.

The F (EUR) share class of the **Dynasty Prestinvest Flexible Income** fund delivered a **+0.38%** performance in January, bringing its total return since inception (May 12, 2023) to **+10.55%**. By the end of January 2025, the portfolio was **90.7%** invested. The fund’s average yield to maturity stood at **3.8%**, with an average credit sensitivity of **3.4** and an average rating of **BBB+**. The fund holds **65** positions.
